

## From Measure 109 to Medical Access in Maryland: Is Maryland the next state to make legislation on psychedelics?

### Current Topics in Pharmacy Activity Announcement

This CE activity is designed to address a knowledge gap among pharmacists regarding psychedelic-assisted therapies and emerging legislation. By presenting the historical context of psychedelic regulation, current policy developments, and Maryland's Task Force Initiative, the activity provides foundational information. It is intended to enhance pharmacists' understanding of the evolving legal and therapeutic landscape, preparing them to follow future developments and engage in informed discussions. This activity does not focus on applying clinical decision-making or implementing practice changes, but rather on building awareness and comprehension.

This activity was originally recorded on 1/7/2026.

#### Learning Objectives

At the conclusion of this educational activity, the participant should be able to:

- Define the scope and activities of Maryland's Task Force on Responsible Use of Natural Psychedelic Substances.
- List key recommendations provided by Maryland's Task Force on Responsible Use of Natural Psychedelic Substances and potential implications on pharmacy operations in Maryland.

#### Speaker

Sarah Thompson, PharmD, MS  
PGY-1 Pharmacy Resident  
University of Maryland

Dr. Thompson, speaker for this activity, has no financial relationships to disclose. None of the planners for this activity have any financial relationships to disclose.

**CE Credits:** 0.5 Contact Hours

**Universal Activity Number:** 0025-0000-26-002-L01-P

**Target Audience:** Pharmacists

**Activity Type:** Knowledge

**Activity Launch Date:** 1/7/2026

**Activity Expiration Date:** 1/7/2027

**Fee:** \$15.00

#### Criteria for Successful Completion

Learners must complete all activity components including viewing the audiovisual presentation and completing the activity evaluation. A link to the activity evaluation will be available upon successful completion of all other course segments. Statements of CE Credit will be available electronically via CPE Monitor within sixty (60) days of completion of the activity.
