UAN: 0025-0000-22-093-H03-P

Course No: CN#MD004

Fee: \$425.00 for Non-member Physicians
\$150.00 for MedChi Physicians

Launch Date: October 3, 2022

Expiration Date: October 3, 2025

Target Audience: Physicians, Pharmacists

This module meets the ACPE and CME requirements for dispensing permits.

Medication Education for Medicare and dual-eligible Medicaid patients is required at the time of dispensing under certain conditions and with certain medications.

This online activity will acquaint learners with specific requirements for providing medication education, will define and sequence the steps in medication education, and will share best practices. This activity will provide audiovisual case examples to illustrate the practice of providing medication education.

Other modules in this series include:

- Physician Dispensing: An Overview of Maryland Law and Regulation
- Dispensing, Labeling and Documentation for Maryland Physicians
- Controlled Substances and Inventory: Issues for Maryland's Dispensing Physicians
- Physician Dispensing: Optimizing Patient Use of Inhalers and Other Respiratory Devices
- Dispensing Opioids: Decisions to Improve Medication Safety
- Motivational Interviewing and Patient Adherence at the Point of Dispensing

Learning Objectives:

At the end of this knowledge-based activity, the learner should be able to:

1. Identify the state and federal requirements for patient education during the in-office dispensing process.
2. Correctly identify the components and sequence the steps in the delivery of medication education.
3. When viewing an audiovisual interaction with the patient, list key medication education points to be provided to a patient.
4. Recall at minimum two best practices in the medication education process.

The University of Maryland School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This activity was supported by MedChi, The Maryland State Medical Society.

Use of Trade Names: The trade names of the drugs and delivery systems in this module are for the purpose of product identification only. This activity does not intend to imply endorsement for any commercial products discussed.

Privacy and

Confidentiality: The University of Maryland School of Pharmacy is committed to protecting the privacy of our learners. All enrollees are protected under The Family Educational Rights and Privacy Act (20 U.S.C. § 1232g; 34 CFR Part 99) (FERPA). The UMB Policy on Confidentiality and Disclosure of Student Records can be found at: <https://www.umaryland.edu/policies-and-procedures/library/academic-affairs/policies/iii-630a.php>.

In order to submit your continuing education credit to a professional accrediting body, we must collect personal information including, but not limited to, name, NABP ID, and date of birth. When you request continuing education credits, certain personal information will be provided to the professional certifying entity in order to issue Statements of Credit.

Copyright: Resources are provided for the educational benefit of our learners and are not for distribution. All information and materials provided are the property of and have been prepared by the University of Maryland Baltimore or have been granted permission for use by the copyright owner. No portion of this module may be reproduced or transmitted without written permission. All rights reserved.

Successful completion requires the learner to complete all practice-based activity components including the audiovisual presentations, post-test, and activity evaluation. Participants must receive a score of at least 70% on the post-test in order to receive credit. The post-test may be taken up to three (3) times. Learners must complete the activity evaluation in order to receive CE credit. A link to the activity evaluation will be available once a learner has successfully completed all other course segments.

Disclosure and Transparency in CME/CPD:

It is MedChi's policy to ensure the independence, transparency, balance, objectivity, scientific rigor and integrity, as well as validation of content for all CME/CPD activities we accredit. To that end, faculty must disclose to the participants any relationships with companies identified as meeting the ACCME definition of a commercial interest. In the process of the disclosure process, all faculty and planners have disclosed the presences or absence of such relationships to MedChi. MedChi has identified, evaluated and where appropriate, attempted to resolve any potential conflicts of interest. This is done through the use of content validation, the use of evidence-based data, and multi-disciplinary peer review. The information provided as disclosure to the learner, is to inform the learner and aide in judgment, not to imply that disclosed relationships will have a negative effect on a presentation.

Accreditation Statement:

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of MedChi, The Maryland State Medical Society, and The University of Maryland School of Pharmacy. MedChi is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statements:

Medication Education at the Point of Dispensing: Requirements & Best Practices

MedChi designates this live educational activity for a maximum of 1.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Dispensing:

This module was Board-approved and DHMH Secretary-approved to meet the CME requirements for dispensing permits.

CME Credit: In order to receive CME credit for participation in these modules the learner is required to complete a post-test and achieve a score of 70% or higher for each module.

Technology Requirements:

Supported Internet Browsers	Windows <ul style="list-style-type: none">Internet Explorer version 11 and aboveChrome 43 and aboveFireFox 4.0 (or later) MacOS <ul style="list-style-type: none">Safari 13 and aboveChrome 43 and above
Minimum Memory	8 GB (or more)
Minimum Storage	6 GB (or more)
Minimum Processor	PC: 2 GHz or faster Intel processor MacOS: Multi-core Intel processor
Minimum Internet Speeds	High speed internet connection
